PROFESSIONAL SUMMARY

Full Stack Developer with 2.5+ years of experience building high-performance, scalable web applications using React.js, Node.js, Express.js, Redux.js, and TypeScript. Strong expertise in modern application architecture, including RESTful APIs, component-based development, and state management. Skilled in optimizing application performance, improving scalability, and delivering responsive, user-centric solutions. Proven ability to collaborate in Agile teams and deliver production-grade applications.

TECHNICAL SKILLS

Frontend Technologies: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3.

Frameworks & Concepts: SSR (Server-Side Rendering), SSG (Static Site Generation), SPA, Component-Based Architecture, Responsive Design, Cross-Browser Compatibility.

Styling & UI: Tailwind CSS, Styled Components, Material UI, Chakra UI, Bootstrap, Shadcn UI.

State Management & Data Fetching: Redux, React Query, Context API, SWR.

Backend Technologies: Node.js, Express.js, REST API Development, JWT Authentication, RBAC.

Databases and ORM: MongoDB, PostgreSQL, MySQL, SQLite, Knex.js, PrismaDB.

DevOps & Deployment: AWS (EC2, S3), Docker, GitHub Actions (CI/CD), Vercel, Netlify, PM2, Environment Configuration.

Performance & SEO: Core Web Vitals, Lazy Loading, Code Splitting, SEO Optimization, Image Optimization.

Tools & Version Control: Git, GitHub, VS Code, Postman, Strapi, Sanity, Contentful.

Testing & Debugging: Manual Testing, API Testing, Debugging, Browser DevTools.

PROFESSIONAL EXPERIENCE

Software Engineer (Full Stack Developer)

Pranati Technologies, Chennai - Oct 2023 – Mar 2026

- Developed scalable and SEO-optimized web applications using **Next.js (SSR & SSG)** and React.js.
- Built reusable, component-based UI architecture improving development efficiency and maintainability.
- Implemented responsive, **mobile-first designs** ensuring cross-browser compatibility.
- Collaborated with designers to deliver pixel-perfect UI/UX implementations.
- Integrated frontend applications with **REST APIs** and backend services.
- Optimized performance using **lazy loading**, code splitting, and efficient **state management**, improving Core Web Vitals.

- Managed application state using **Redux.js**, ContextAPI, and **React Query**.
- Participated in **Agile development** processes including sprint planning, CI/CD, stand-ups, and code reviews.
- Used Git for **version control** and collaborated using team-based workflows.

KEY PROJECTS

Magma CMS – Multi-Tenant Headless CMS

Tech: Next.js, React, TypeScript, Node.js, PostgreSQL, Knex.js, JWT, RBAC

- Built a scalable multi-tenant CMS platform supporting isolated databases per client
- Developed dynamic and reusable UI components using React + TypeScript
- Implemented secure authentication & role-based access control (RBAC)
- Integrated REST APIs with efficient state handling using React Query / Redux
- Optimized frontend performance using lazy loading, memoization, and code splitting
- Designed responsive UI ensuring cross-browser compatibility

Member Management System

Tech: Vite.js, TypeScript, .NET Core, Tailwind CSS, SignalR

- Developed subscription, payment, and renewal modules with microservices architecture for scalability.
- Implemented real-time chat using SignalR supporting 1,000+ concurrent users.
- Built admin dashboard for monitoring members, plans, payments, and real-time activity.
- Ensured secure authentication and authorization using JWT and RBAC.
- Conducted unit testing, API testing, and end-to-end validation for reliability

IPTV Web Platform

Tech: React.js, TypeScript, .NET, MySQL, SignalR

- Developed real-time video streaming modules with client-server synchronization.
- Implemented JWT-secured authentication.
- Implemented SignalR-based real-time notifications and updates for users.
- Using SignalR for fast retrieval of live and VOD content.
- Collaborated with UI/UX designers to ensure responsive, accessible interfaces.

EDUCATION

Master of Computer Applications (MCA) - CGPA: 8.56

Erode Sengunthar Engineering College, Anna University.
